FROM THE EDITOR

Dear Stakeholders

We have started a new year with the excitement and pride of presenting Hashtag Quality, the first Quality newsletter of our university and of the year. New beginnings are the best time to remember what we have achieved together in the previous year and to plan new achievements in the new year. Last year, we made important efforts to internalize the Quality culture at our university and to improve the quality of our university as a whole. Undoubtedly, this year, we will work together to carry our university to a much better position.

Quality bulletin is the bulletin of all academic and administrative units of our university and our students. In this bulletin, in line with YÖKAK accreditation standards, the work carried out by all our units within the scope of Leadership and Quality, Education and Training, Research and Development, and Social Contribution will be included monthly. In addition, all the improvement activities we carry out in line with stakeholder suggestions will also be included. Our aim with this newsletter is to communicate with each other and other stakeholders and to share good practices.

I listened to our young team to make our newsletter a little more fun. In this newsletter, your work will be tagged with the name of your unit. We will make hashtags with computer language. Thus, we will determine the most mentioned (trending topic) of our newsletter. This newsletter will also be a self-assessment tool for all units. Since it is also a responsibility to produce content in line with the guidelines, we have sent to you about the contents of the bulletin, you will be able to compare your activities with other units and identify your areas for improvement. I would like to thank the entire team of **#Academic** and **#Administrative** staff who shared their activities with us for the creation of the bulletin. However, as it is known, the indispensable condition for quality studies is the support of senior management. We feel this support not behind us but beside us and in all our work. That is why I owe a special thanks to our Rector **#Prof. Dr. Çağrı ERHAN** for his support. In addition, I would like to express my gratitude to the **valuable members of our #Quality Commission**, the student representative of our commission, and **#Beyza ÖZVARNALI** and the Young Quality Club, who guide our work by conveying student opinions about our processes.

Finally, I would like to thank our Quality Specialist **#Eda GÜLBAKAN**, a valuable member of our team who undertakes the preparation of this newsletter with love, constantly conducts research, produces new and good ideas, and our Data Analysis Specialist **#Melike YAZICI ALTINBAŞ**, a valuable member of our team who works carefully and diligently in transforming data into information and improving processes, for working with love and always smiling in this busy working environment.

I wish that the year 2024 will bring health, happiness, and success to all our stakeholders, and I wish you enjoyable reading.

Özgül Özkoc

STRATEGY DEVELOPMENT AND
QUALITY ASSURANCE MANAGER

FROM STUDENT QUALITY REPRESENTATIVE

Dear Altınbaş University Family,

I hope these lines find you in your days full of health and excitement. I, Beyza ÖZVARNALI, as the President of the Young Quality Club, am proud to write these lines to you. I am writing to explain how important quality is for us students and what we can achieve together in this regard.

We young people are the most valuable assets of a society. As future leaders, entrepreneurs and citizens of the world, our potential is a great strength. This is where we must focus on the key role of quality in our lives. Quality must be found not only in products, but also in our ways of thinking, our behaviors and our goals.

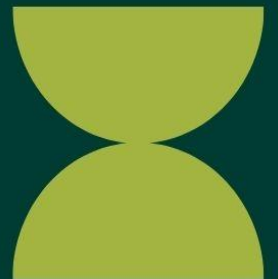

The main reason why we come together in this stakeholder is to support each other, learn together and make quality a part of our lives. As students of Altınbaş University, we are pursuing quality through our activities, projects and sharing and we want to continue to do so.

At the same time, I would like to share an important issue with you. You have received an e-mail we sent as the Department of Strategy and Quality Assurance and the Young Quality Club. In the link in this e-mail, we ask you to write your opinions and suggestions. Your feedback is very important for us. Your contributions in this process will further strengthen our school and will make significant contributions to achieving our goals.

Finally, I would like to express my sincere thanks to our Rector **Prof. Dr. Çağrı ERHAN**. I am grateful for giving me the opportunity to contribute to this Quality newsletter. I would also like to thank **Dr. Özgül ÖZKOÇ** for always supporting the Young Quality Club and myself, **Eda GÜLBAKAN**, our Quality Specialist, who helped me better understand the depths of quality, and **Melike YAZICI ALTINBAŞ**, our Data Analysis Specialist, who guided us in making our activities more efficient.

Beyza Özvarnalı

STUDENT QUALITY REPRESENTATIVE

LEADERSHIP, GOVERNANCE AND QUALITY

Leadership and Governance

Our 2024- 2027 Strategic Plan was prepared with the suggestions received at meetings held with administrative and academic units under the leadership of the Department of Strategy Development and Quality Assurance, the evaluation of the strategic goals and objectives of the previous period, and the suggestions received from all our stakeholders.

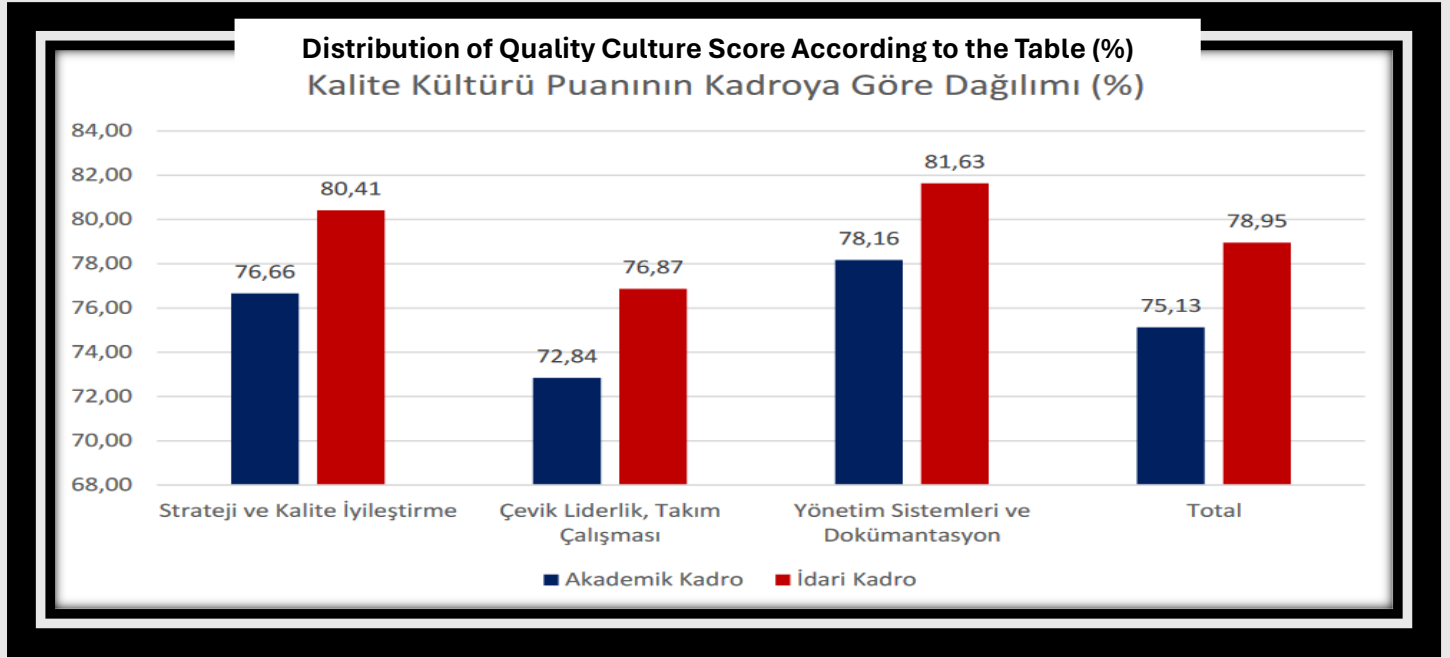

LEADERSHIP, GOVERNANCE AND QUALITY

Quality

2023 Quality Culture survey analysis results were published. (n=242)

Our Quality Commission meeting was held under the chairmanship

of our Rector with the agenda of the Strategic Plan, Survey analysis results, and evaluation of Student and Staff opinions and suggestions.

Improvement Works in 2023

LEADERSHIP, GOVERNANCE AND QUALITY

- ✓ To improve the Quality Assurance Culture, we first measured it by collecting data via a survey form. We have communicated with our internal and external stakeholders more frequently and continue to inform them. At the beginning of 2024, we plan to repeat the measurement of the quality culture and see our improvement results.
- ✓ We renewed our website to make it more user-friendly. In addition, a Web Content Coordination Unit was established to ensure that our website is more informative and accountable to our internal and external stakeholders. In addition, stakeholder opinions were received through a survey by the Web Content Coordination Unit. Improvements were made in line with these opinions and we continue to make improvements within the scope of continuous improvement.
- ✓ Our strategic plan was prepared in line with the procedures with the participation of all stakeholders. SWOT analysis, stakeholder contribution, and benchmarking with other institutions were made. Universities that can be compared based on departments were identified.
- ✓ Stakeholder engagement mechanisms were strengthened. The stakeholder feedback platform was opened on our website. All our internal and external stakeholders can submit their opinions and suggestions on Leadership and Quality, Education and Training, Research and Development, and Social Contribution. The suggestions received are evaluated by the Quality Commission and feedback is provided to the owner of the opinion/suggestion.

<https://kalite.altinbas.edu.tr/paydaslarimiz/>

LEADERSHIP, GOVERNANCE AND QUALITY

- ✓ Contact information of academic and administrative staff of the institution (e-mail address) was shared on the website.
- ✓ Key performance indicators were identified in the new Strategic Plan.
- ✓ Training and experience sharing continued for the dissemination of student-centred education. Practices were shared. Teaching competency performance development continues to be monitored by academic units through experience-sharing meetings.
- ✓ Course information packages were moved to the new system and their occupancy was ensured.
- ✓ Student counseling and interview hours have been updated.
- ✓ Meetings were held by the Dean of Research to improve research performance and national/international joint research activities. In addition, in-unit meetings were held by academic unit managers. The incentive directive was updated.
- ✓ Social Contribution organisation chart and process card were created.
- ✓ Social Contribution activities are now available on the University website.

LEADERSHIP, GOVERNANCE AND QUALITY

Stakeholder Relations

Stakeholder opinions and suggestions received via our website were presented to our Rector and evaluated by the Quality Commission.

LEADERSHIP, GOVERNANCE AND QUALITY

Stakeholder Relations

2023 External Stakeholder Survey Analysis results were published.

Faculty of Pharmacy

In December 6, 2023, a cooperation meeting was held with Popköy Lavender Company.

LEADERSHIP, GOVERNANCE AND QUALITY

Stakeholder Relations

The Department of Strategy Development and Quality Assurance continues to develop collaborations with external stakeholders by participating in meetings, invitations, and seminars. In this scope, we visited to Sabahattin Zaim University and Demiroğlu Bilim University.

LEADERSHIP, GOVERNANCE AND QUALITY

Orientation Training

#Human Resources Department

"Corporate Orientation Training" organized by our Human Resources Department was held with the contributions of the Health Unit.

#School of Foreign Languages

On December 1, 2023, SMGB conducted an orientation activity for 13 newly recruited lecturers focused on the SFL Performance Assessment and Monitoring System (PASS).

LEADERSHIP, GOVERNANCE AND QUALITY

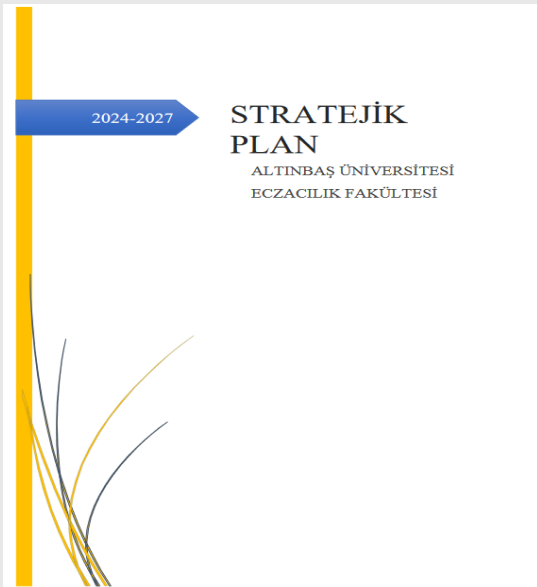

Information Management System

School of Foreign Languages

EWI Automation works are ongoing. Within the scope of digitalization efforts, the process of automating the SFL German Preparatory Programme has been initiated and is ongoing.

Faculty of Pharmacy

The 2024-2027 Strategic Plan was prepared by taking stakeholder opinions and SWOT analysis and published on the website.

Web Site Content Coordinatorship

Website Content Coordinator Lecturer Melek ERHAN determined the areas of improvement in the website by meeting with the departments and conducting a website opinion/ suggestion survey and made improvements. Work continuee within the scope of continuous improvement.

LEADERSHIP, GOVERNANCE AND QUALITY

Organizational Structure

#Web Site Content Coordinatorship

A web content coordinatorship was established at our university and Lecturer Melek ERHAN was appointed as a Coordinator within the Website Content Coordinatorship of our University.

#Sustainability and Brand Management Coordinatorship

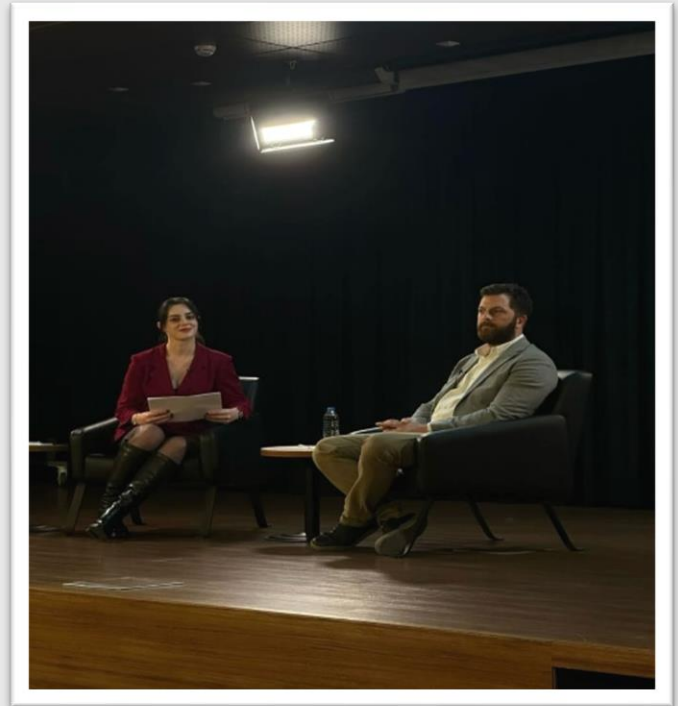

Sustainability and Brand Management Coordinatorship was established at our university and Assoc. Prof. Dr. Dicle YURDAKUL was appointed as Coordinator within the Sustainability and Brand Management Coordinatorship of our University.

LEADERSHIP, GOVERNANCE AND QUALITY

Career Centre Activities

Faculty of Law organized Career Days I and II meetings.

Faculty of Applied Sciences

On December 22, 2023, Ziraat Participation Bank Deputy General Manager of Credit Policies and Risk Liquidation, Seher Elif EKİCİ attended the department course as a speaker. After giving information about the unit, she answered the questions of the Department of Management Information Systems students.

LEADERSHIP, GOVERNANCE AND QUALITY

Internationalization

Faculty of Business

Asst. Prof. Dr. Murad Canbulut hosted Dr. Pratima Verma from Alliance University, India as part of the "Business School Global Business Lecture Series" (December 18, 2023) The topic of Mediocrity in the Workplace was discussed.

Live On  zoom

Friday, December 15 2023 11.00 - 13.00 (GMT+3)

Business School Global Lecture Series
Struggle or Celebration: Mediocrity at Workplace

Meeting ID: 845 2229 8596 Passcode: 160575

Moderator
Dr. Murad Canbulut

BRINGS OUT THE BEST IN YOU 

EDUCATION AND TRAINING

ECTS workload analysis

2023 ECTS Survey analysis results were presented to the commission and shared with academic units. To obtain reliable data with the survey, the survey system was examined with our student representative Beyza ÖZVARNALI. For the questions in the questionnaire asking students about the activities they do in the course, the Information Technologies and Security Department was contacted to make improvements in defining the number section as a mandatory field to be filled in if the answer is yes, closing the number section if the answer is no, and opening the field to enter the number information for the question asking whether there is preparation before the lesson.

EDUCATION AND TRAINING

Accreditation

#School of Foreign Languages

Altınbaş University School of Foreign Languages received a site visit from the DEDAK evaluator team consisting of a team leader and two members on December 20-21-22, 2023. Within the scope of the site visit, opening and closing meetings, meetings with unit managers, lecturers, and students, campus tours, course observations were held.

Academic Counselling

Faculty of Law

Academic Advisor Lists have been updated considering the workload.

EDUCATION AND TRAINING

Program Design and Training Period Evaluation

Faculty of Fine Arts and Design

A general evaluation meeting was held to evaluate 2023 and review the targets for 2024. At the meeting, our Dean, Prof. Dr. Nurcan PERDAHCI presented the certificates of success signed by our Rector Prof. Dr. Çağrı ERHAN for the exhibitions and talks we held by our faculty within the scope of the 100th anniversary of our Republic.

EDUCATION AND TRAINING

Program Design

School of Foreign Languages

A training meeting was organized by the Continuing Professional Development Unit (CPDU) of the School of Foreign Languages for administrators within the scope of 'media literacy' and received opinions for project design.

At the end of the meeting, it was decided to integrate the 'media literacy' project at the B2 level

into the program. In this context, training was organised for B2 level lecturers.

Subsequently, media literacy training was integrated into the curriculum of English Preparatory B2 students to improve students' ability to access visual, audio, printed, etc. media messages, critically analyze and evaluate the media accessed, and produce their own media messages. It was decided to evaluate the pilot study within the framework of PDCA and to extend it to all levels in the following semesters.

EDUCATION AND TRAINING

Student Centred Education

Faculty of Economics, Administrative, and Social Sciences

Assist. Prof. Esra Gül KOÇYIĞIT's Cognitive Behavioural Therapy I course started with the Class Contract. Throughout the semester, students were given individual activity homework and group work in pairs in the classroom. Towards the end of the semester, an assignment that can be done in groups of four was given and presentations were made by the students in the classroom.

Faculty of Economics, Administrative, and Social Sciences

Within the scope of the Student-Centred Education Programme, the second online meeting was held on 5 December as Facilitators. In line with the guidance of our instructors, experience sharing and course design were planned.

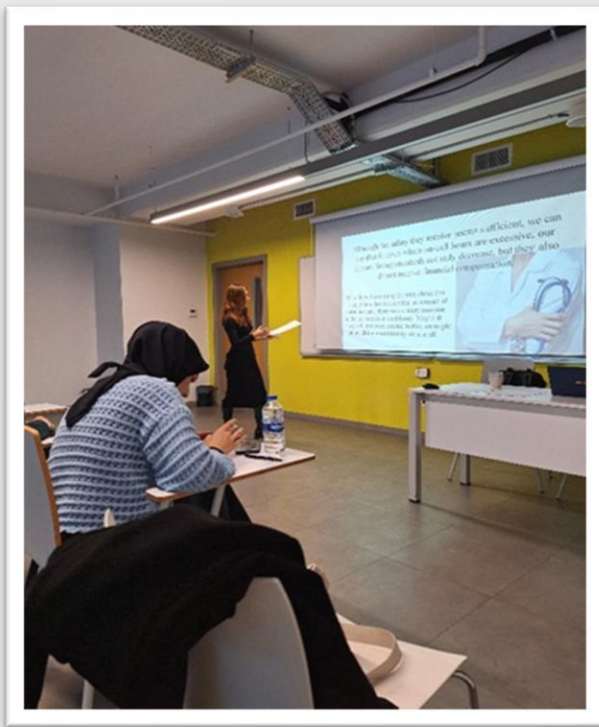

EDUCATION AND TRAINING

Student Centred Education

Faculty of Economics, Administrative, and Social Sciences

Asst. Prof. Dr. Deniz Türker's POLS303 Research Methods in Political Science course, field observation was carried out in groups during the week of 15-22 December as a student-centered education activity. In this way, students both experienced group work and combined the act of learning with practice.

In the last week of the course, interactive presentations as a final activity aimed to develop students' active self-expression, analytical thinking, and explanation skills in student-centered education.

EDUCATION AND TRAINING

Student Centred Education

Faculty of Applied Sciences

The PhD students of Health Management made a presentation within the scope of Student-Centred education by doing in-class group work. The instructor of course Asst. Prof. Dr. Özgül ÖZKOÇ received positive feedback from the students about the group study.

Faculty of Law

The Faculty member Asst Prof. Dr. Fulya EROĞLU had in-class group work within the scope of student-centered education.

EDUCATION AND TRAINING

Training Competence Development

Faculty of Business

Dr. Öğr. Üyesi Murad Canbulut

**The Ed-DEI
Framework: The
Emerging Role of DEI
Initiatives in
Advancing Higher
Education Branding**

12 Aralık Salı - 11:00
Gayrettepe Yerleşkesi 5.Kat
Toplantı Salonu

Asst Prof. Dr. Murad CANBULUT made a presentation on the impact of diversity, equality, and inclusion studies in higher education institutions on students' perceptions of educational and academic achievements and their impact on higher education branding processes.

RESEARCH AND DEVELOPMENT

Improvement of Research Competence

#Dean of Research

With the participation of Ms. Ayşe Deniz Arıcan from the Directorate for European Union Affairs, Project Implementation Department. EU Fund Opportunities and how to apply were discussed. The meeting was held at our Gayrettepe campus on Monday, December 4.

Faculty of Economics Administrative Social Sciences

"Text mining is a data mining study that accepts text as a data source. In other words, it aims to obtain structured data from text. Within the scope of IISBF Research Seminars series, Dr Yasin Kütük, Lecturer at the Department of Economics, gave an informative seminar on "Text Mining".

Dean of Research

A call for thesis projects was opened to support the research studies of graduate students studying at our university. Applications until 22 December aimed to make efficient use of our university's research fund.

RESEARCH AND DEVELOPMENT

Project Support

#Faculty of Economics, Administrative, and Social Sciences

Asst. Prof. Dr. Esra Gül KOÇYİĞİT, Department of Psychology, prepared the project titled "Compassion is Growing in Bağcılar" to "Examine the Effect of Compassion Training on Compassion Capacity in 12-13 Age Group Children" and was entitled to receive financial support from Bağcılar Municipality.

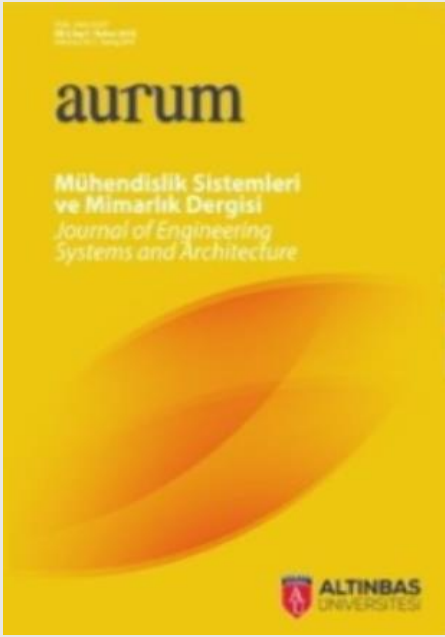

#Faculty of Applied Sciences

Our student Nurşah YAŞAR's graduation project titled "Innovative Water Friendly Recipes and Solutions to be Developed Against Famine and Hunger", carried out under the supervision of Dr. Prof. Dr. Özge Seçmeler has been entitled to support within the scope of TUBITAK 2209-A program 2023/1st term application.

RESEARCH AND DEVELOPMENT

Published Journals

AURUM Journal of Engineering Systems and Architecture, Journal of Social Sciences, and Journal of Health Science have been published.

Faculty of Economics, Administrative and Social Sciences

Asst. Prof. Dr. Esra Gül Koçyiğit initiated the "Growing Compassion in Bağcılar" project to teach children how to be compassionate towards themselves, others, animals, plants, and the environment. The training will last for 7 weeks for 70 students between the ages of 12-13, both practical and theoretical.
